

My Projects

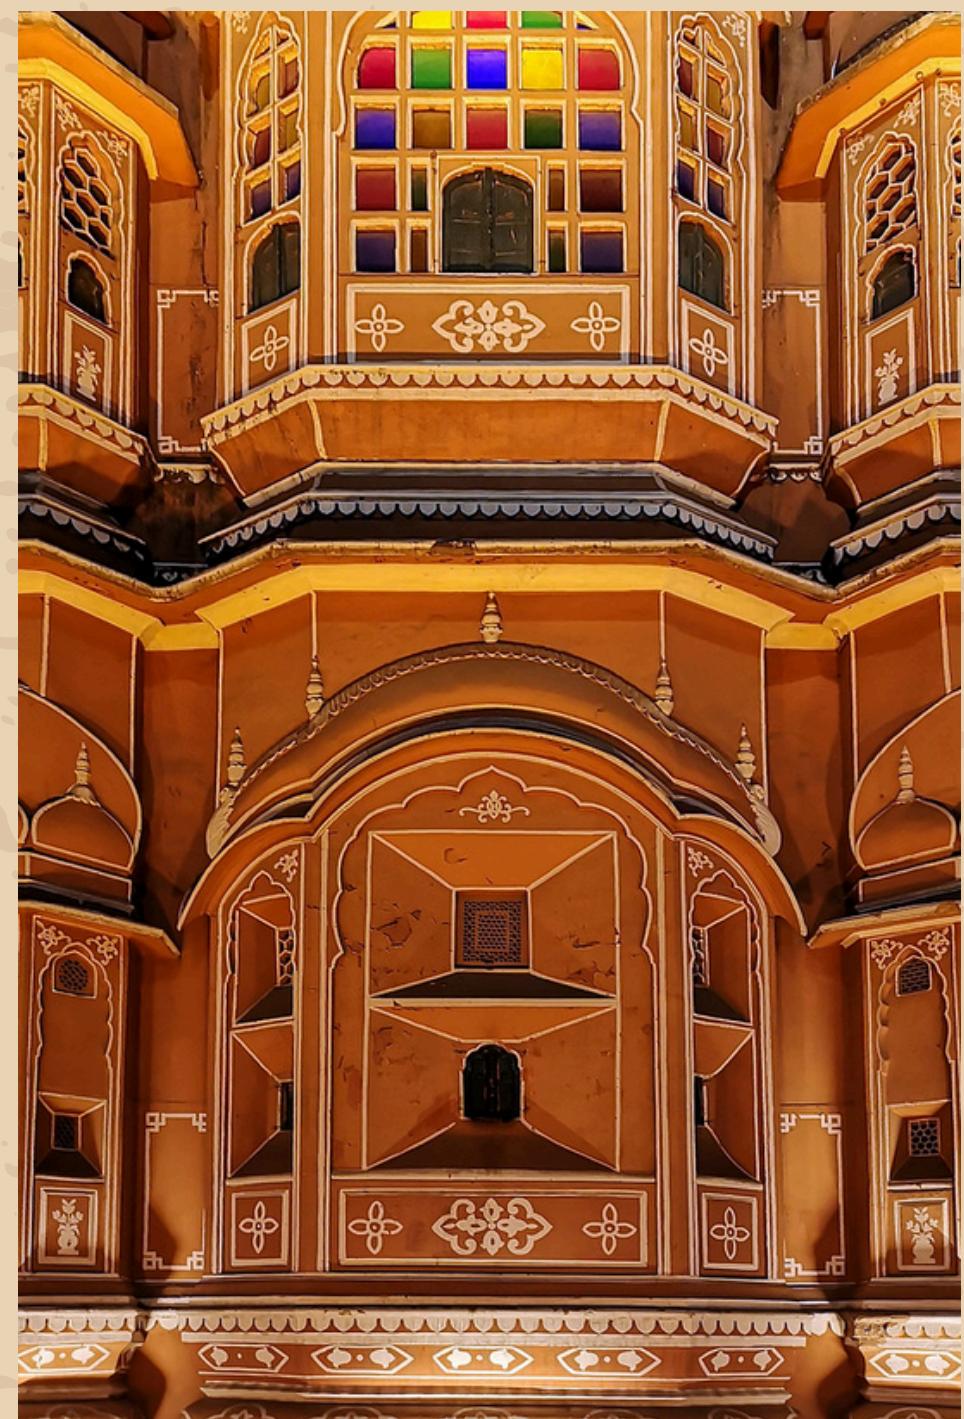

Favourites from Foundation

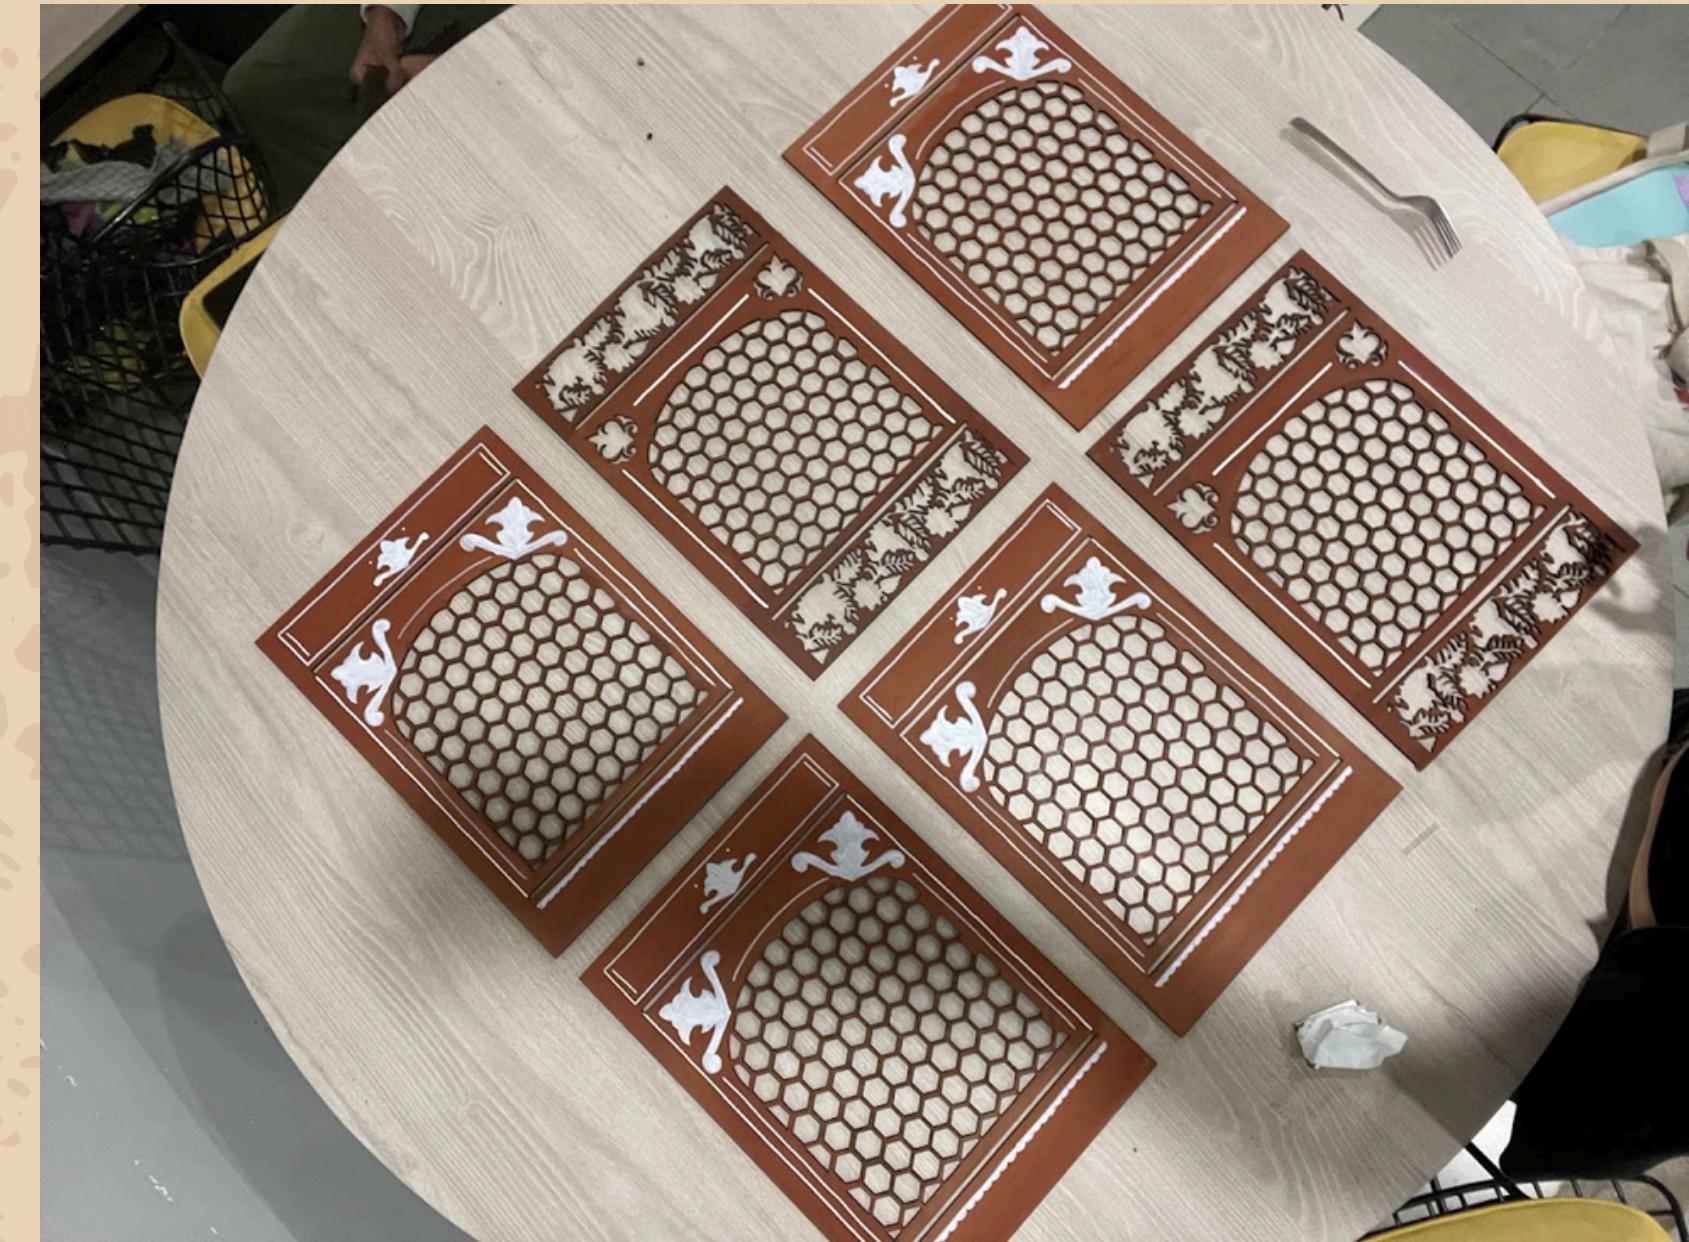

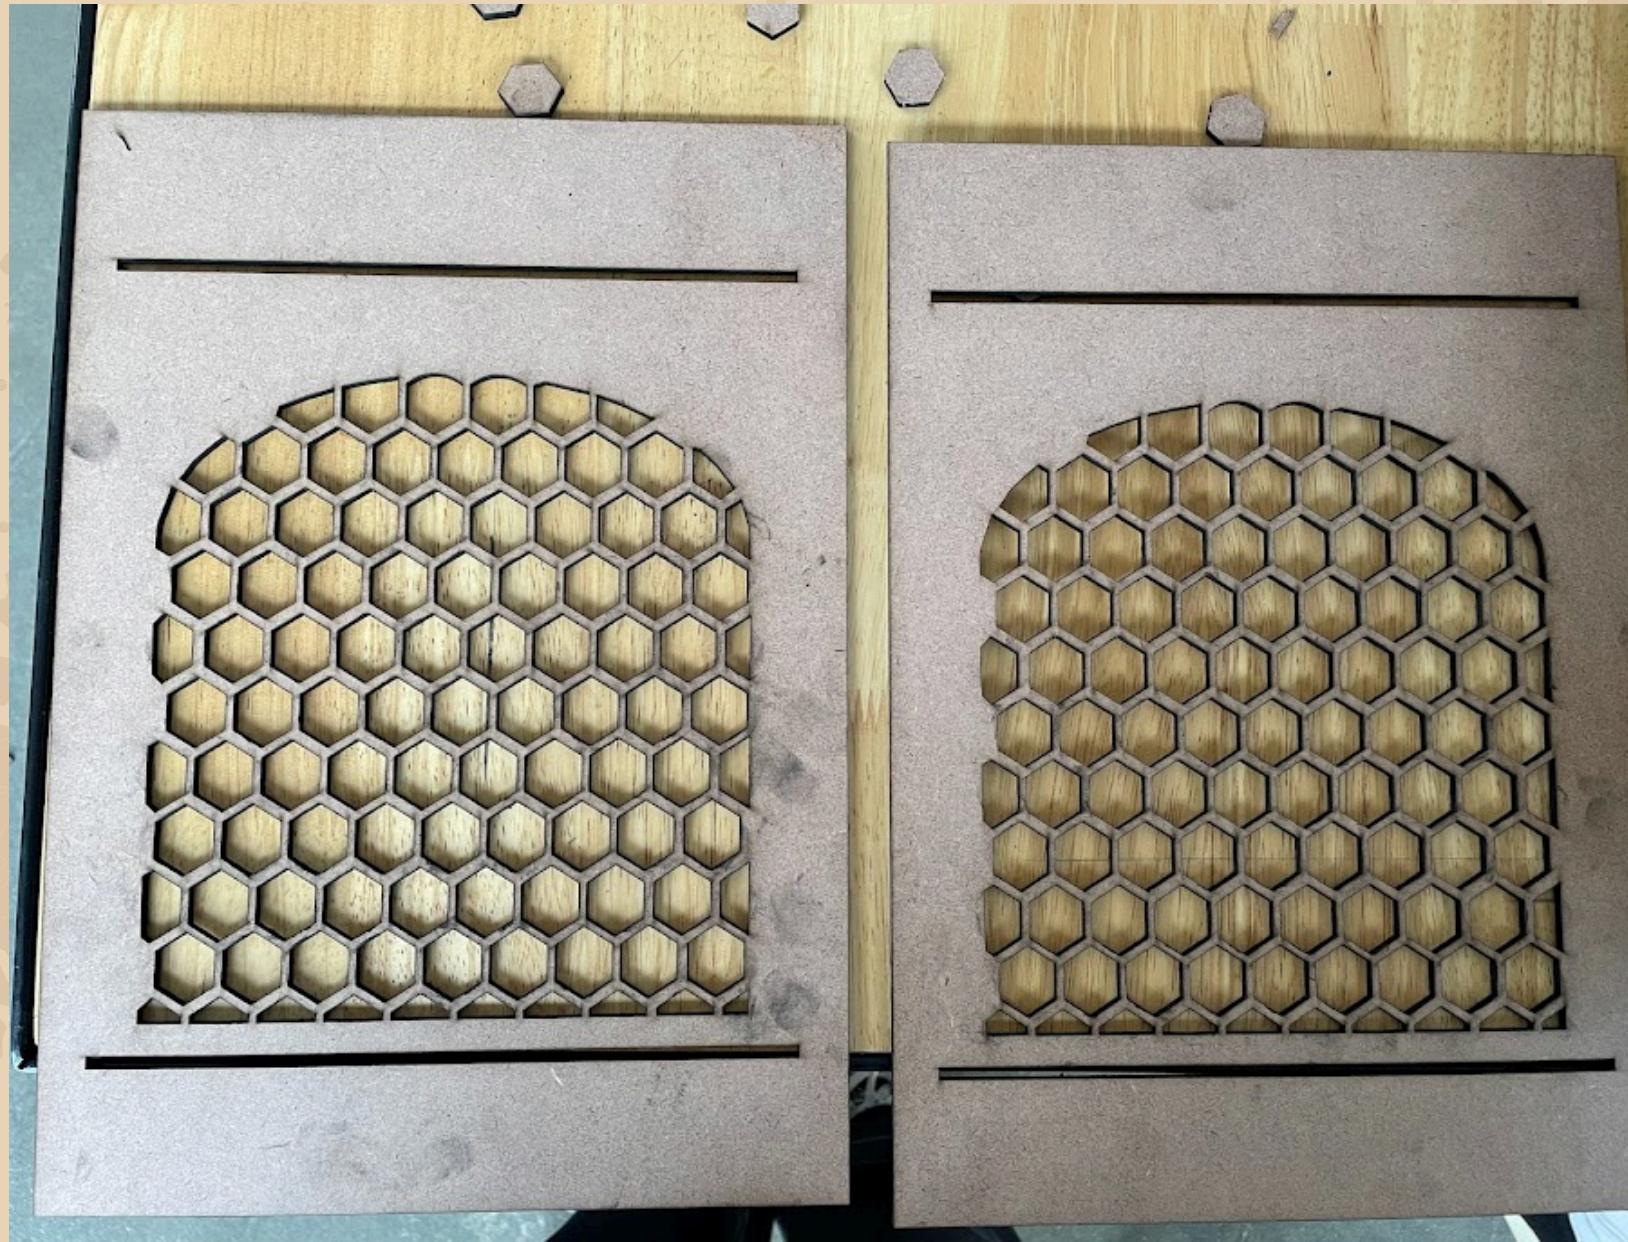

Interim

Our group traveled to Jaipur for the interim trip. The city is renowned for its beautiful architecture and handicrafts, and its rich history was truly inspiring.

Personally, I was in awe of the architecture which was my main source of inspiration for my project.

Hawa Mahal Lamp

Board Game

We were given the task to raise awareness and educate people on the topic of forest fires of bandipur national park in an interactive and creative manner.

Escape The Fire!

- This is a **multiplayer board game** where you and your friends need to outrun the fire that is being spread rapidly.
- To win the game you must **reach the finish line** before the fire catches up to you.
- The game involves **action cards** that helps the player escape the fire as well as the fire spread quicker.
- these action cards are based on real life factors that can either help the fire spread or slow down its pace

Creation of the board
